

Argentine telecommunications network cabinet manufacturer

Overview

ElovaTec was founded in 2006, working with the world's leading operators and largest TowerCos. Elovatec is changing the speed at which we deploy telecommunications networks. Express Telecomunicaciones is a telecommunications service provider with over 30 years of experience, offering a range of services including fiber optic internet, HD television, and telephony. The company's focus on integrating new technologies and expanding its network enhances the user experience. In MEI we have the most advanced engineering techniques and a team of experts in the design, development and manufacture of indoor and outdoor industrial enclosures; as well as integral projects based on metal structures and steel or aluminum metal shelving based on the needs and specifications of. In recent years, Argentina has been making significant strides in expanding and modernizing its telecommunications infrastructure to meet the increasing demands of a digital economy.
