

# Bulgaria Zhiyuan Photovoltaic Module

## Overview

Located in Apriltsi, near Pazardzhik, the project comprises over 834,000 photovoltaic modules with a total capacity of 400 MW. This solar park is set to be the largest in Eastern Europe and can power 96,000 homes. As the New Year begins, Jetion Solar is pleased to announce a significant milestone: the company has successfully entered into a supply agreement for 100 MW of heterojunction photovoltaic (PV) modules with a key partner in Bulgaria. 27, 2023 — JinkoSolar Holding Co. (“JinkoSolar” or the “Company”) (NYSE: JKS), one of the largest and most innovative solar module manufacturers in the world, today announced that it has delivered more than 220,000 Tiger NEO bifacial 72 modules to the 123 MW Verila. Crane Ltd is specialized in developing, producing, delivery, assembly and maintenance/servicing of mono-crystalline and polycrystalline photovoltaic modules and solar applications. By the end of May, 251 megawatts were officially operational, with the.

## Article Content

GS-Solar plans to build a panel factory in Bulgaria

GS-Solar CEO Chao Hui Lin met with prime minister Boyko Borissov and his deputy Tomislav Donchev in Sofia to discuss investment opportunities,

Bulgaria – pv magazine International

News from the photovoltaic and storage industry: market trends, technological advancements, expert commentary, and more.

834,000 Huasun panels installed for world's largest

The Apriltsi solar power project, located in the southern Bulgarian town of Pazardzhik, has completed the installation of over 834,000 PV modules, with a

Photovoltaics / Bulgarian photovoltaic association

Photovoltaics Photovoltaics (PV) is a method of generating electrical power by converting solar radiation into direct current electricity using semiconductors that exhibit the photovoltaic effect. Photovoltaic

Bulgarian photovoltaic association

Bulgarian photovoltaic association is a non-profit organization unifying more than 400 companies from the renewable energy sector in Bulgaria. Our members are

Italian consortium to build first solar panel factory in

Italian company EXE Solar will build the first solar panel factory in Bulgaria. The location for the plant is in the industrial zone in Yambol and the

JA Solar and Solarpro Announce Strategic Cooperation to Supply

The installation of the solar modules is scheduled to begin in Q3 2024. The project is expected to reach grid connection and become operational by the end of Q2 2025, significantly boosting Bulgaria's

Bulgaria's solar awakening – pv magazine International

As a new entrant to Europe's solar “gigawatt club,” Bulgaria's PV sector is enjoying a long-awaited boom. However, numerous challenges cast a

Bulgarian photovoltaic association

Our members are companies with different profile - producers of solar panels, designers, installers, investors in the construction of photovoltaic power plants,

Solar Panel's PV Module Manufacturing In Bulgaria

Bulgaria's Ministry of Innovation and Growth announces a new 200 MW solar panel manufacturing facility by Solar Panel in Omurtag.

JinkoSolar Delivers TOPCon Bifacial Modules to the Largest Project in ...

The Verila plant is Bulgaria's largest PV project to date and is expected to increase the nation's solar power generation capacity by 7%. It is located on the southern slope of Verila Mountain close to the

Chinese company partners to make modules in Bulgaria

Sun-on, as the plant is named, is set up in Shumen, northeastern Bulgaria. It will make monocrystalline modules in the range of 10 Wp to 230 Wp as well as polycrystalline modules with 25

Greece's PPC to beef up Bulgaria portfolio with 88-MW

Jun 2, 2025, 1:43:15 PM Article by Sladjana Djunicic Greek power utility PPC SA (ATH:PPC) said on Friday it will add an 88-MW solar farm in Bulgaria to its

Bulgaria's Inercom in 1.5 GW solar panels supply deal

Bulgarian energy company Inercom signed a framework agreement with solar panel maker Anhui Huasun Energy to receive heterojunction (HJT)

Top 34 Solar Energy Companies in Bulgaria (2026) | ensun

Orion Solar Energy is a Bulgarian manufacturer and service provider that specializes in the engineering, procurement, and construction of photovoltaic power plants

New Solar Cell & Module Production Factory Coming Up In Bulgaria

Bulgaria is set to establish a solar cell and module production factory in the country after the Council of Ministers approved a draft memorandum of understanding (MoU) with the Turkish

834,000 Huasun PV Panels Installed for World's Largest

Huasun Energy, a leading global player in heterojunction technology, has been exclusively supplying HJT PV modules to the project since 2021, chosen for their exceptional performance, swift...

Huasun inks 1.5GW HJT module supply deal in Bulgaria

PV manufacturer Huasun has signed a 1.5GW module supply deal with Bulgarian EPC company Inercom to run through to the end of 2025.

Photovoltaic Modules

"Solar Panel" Ltd. is a fully Bulgarian company. It is the first company on the Bulgarian market to produce photovoltaic modules for homes and industry.

Producer of photovoltaic modules, panels and

The production line has an annual capacity of 2 MW and has the option to produce PV modules that can be successfully integrated in various solar systems, i.e. off

New Year, New Milestone: Jetion Solar's 100 MW

Under the terms of the agreement, Jetion Solar will deliver its Jeniüs N-HJT heterojunction modules to support Bulgaria's growing demand for renewable

China's Dual Energy Policy Raises Concerns as Largest

Located in Apriltsi, near Pazardzhik, the project comprises over 834,000 photovoltaic modules with a total capacity of 400 MW. This solar park is

Huasun high efficiency HJT modules contribute to Bulgarian energy ...

Based on the EU's stated green energy objectives, Bulgaria has incorporated renewable energy into its key national development blueprint, which has seen a recent proliferation of

834,000 Huasun PV Panels Installed for World's Largest

This is the first industrial project in Bulgaria built entirely with double-sided HJT solar panels. During their production, we fully complied with the

Orion Solar | Expert Solar Energy Solutions

About us Experts in solar systems, PV inverters, and photovoltaic solutions tailored for maximum energy efficiency Orion Solar Energy
