

Cable tray missing bend

Overview

You can buy a manufactured 90 degree bend or make one on a cable tray bending machine but in this video I show you how to make one using a metal bar. I've set the Bend Radius to 300 mm but I just can't create any cable tray bending. How is it done?

Error - cannot be ignored No auto-route solution was found. 04-22-2016 01:15 PM
That message suggest that there is not sufficient room to create the fitting that goes between the straight sections or. Students trading aid on how best to put an internal 90 degrees bend in steel cable tray. Whether you're managing a new installation or upgrading existing electrical infrastructure in Karachi, this technical guide from Tech&Tray's electrical.
