

Cambodia Server AI

Overview

Cambodia's AI landscape is anchored by a clear government lead and fast-growing partnerships: the Ministry of Post and Telecommunications (MPTC) has driven the draft National AI Strategy - now out for public comment after a deep-dive workshop and a series of ministerial. Cambodia's AI landscape is anchored by a clear government lead and fast-growing partnerships: the Ministry of Post and Telecommunications (MPTC) has driven the draft National AI Strategy - now out for public comment after a deep-dive workshop and a series of ministerial. Our Elastic Cloud Server (ECS) forms the core of your enterprises cloud transformation. iOneCloud is your premier Cloud Service Provider (CSP) in Cambodia, offering a multitude of Elastic Cloud Computing (ECS) and Technology Solutions for our discerning enterprise clientele. Our state-of-the-art. Onsite participants: Invited 100 technology leaders from Government Ministries/Institutions, Enterprises, Academics, Organizations and AI Professionals that dedicated to advancing Cambodia's digital landscape. The bottleneck is operations, adoption, and sequencing — not model quality. Our 30-day delivery blueprint is designed to break through these barriers. Support, reporting. We are a community of AI enthusiasts in Cambodia. Pusok is the first true Khmer Large Language Model. This project was started in April this year and has since improved from barely understanding Khmer to being able to. Phnom Penh: On the afternoon of July 1, 2025, H. Chea Vandet, Minister of Post and Telecommunication and Chairman of the Digital Government Committee, was invited as a speaker at the opening ceremony of the National Workshop on Draft “National Strategy on Artificial Intelligence” and the official. Cambodia's 2025 AI push shifts to implementation: the draft National AI Strategy sets six strategic priorities and 41 measures, aims to digitalize up to 80% of high-demand services by 2028, and confronts gaps - R&D at 0.09% GDP and cybersecurity rank ~132nd - while engaging ~232,000 civil servants.
