

Finnish 6-core smart building fiber optic cable brand

Overview

Nestor Cables is a Finnish developer of fibre optic solutions for smart cities—quality cables, accessories, and sustainable production since 2007. Finnish company Orbis Oy has been providing data transmission products since 1949. Our own production enables customized solutions to be delivered quickly and flexibly. The product range also includes various instrumentation cables, such as those used in data centers and oil refineries, as well as special. We offer fiber-optic cables for almost all applications, such as installation cables for indoor and outdoor use, military and industrial applications and event cabling. Tietosähkö's product portfolio includes all installation accessories needed for building fiber-optic networks, including terminal. With the global fiber optic cable market valued at \$13.46 billion annually, choosing from the best fiber optic manufacturers ensures your business infrastructure meets current demands and future scalability requirements.
