

# Lightweight high-strength cable trays

## Overview

Our selection includes light, medium, and heavy-duty trays, each crafted to ensure durability and reliability. Widths range from 50mm to 600mm, with lengths available in both 1-meter and 3-meter options, providing flexibility to suit various project specifications. Fully enclosed slot-type protection: The slot-type closed structure effectively prevents dust, water, and mechanical damage, while shielding electromagnetic interference and protecting weak electrical signals from being disturbed. Modular assembly design: Standardized dimensions and connection. Discover a comprehensive range of high-quality cable trays and cable ladders at [ekabel24.com](http://ekabel24.com) - the reliable choice for safe, organized, and standards-compliant routing of power, data, and control cables. Shandong Tianhong Electric Power Technology Co. With over 20 years of expertise, we specialize in the R&D, production, and global supply of high-quality cable tray systems, including perforated trays, cable ladders, trunking. Medium Duty Cable Tray Couplers Wrap over design - fits to the ends of Medium Duty Cable Tray For Joining 2 lengths of cable tray on a straight run Pre Galv Steel - British Standard Specification.
