

Senegal fiber optic cable conduit

Overview

The country connects to more than 40 countries through four submarine fiber optic cables: Main One, Atlantis-2, SAT-3/WASC, and the Africa Coast to Europe (ACE) cable. Senegal optical fiber and plastic conduit import market in 2024 saw top exporters such as Germany, France, United Kingdom, China, and Pakistan dominating the sector. Despite the high market concentration indicated by the Herfindahl-Hirschman Index (HHI), the industry experienced a significant. Senegal is experiencing increased availability of 3G/4G fiber optic services in the country, and limited 5G testing in Dakar. According to telecom regulatory agency ARTP, the internet penetration rate was 68 percent in 2019. 26% growth is the result of improved infrastructure, thanks to massive investments in fiber deployment and Fixed Wireless Access (FWA), which have supported growing demand. Network cables are using to connect network supported devices and transfer data and information between switched, routers, data storage, IP phones and other network products. Within Our Volza database, we have detailed information on over 34,863 active global Fiber Optic Cable buyers, with 3 buyers importing from Senegal.
