

Slovenia Tube Busbar Company

Overview

A Slovenian manufacturer of high-quality copper busbars near the Austrian border offers CNC punching, bending, tinning, and nickel plating services to meet diverse technical needs. With decades of experience and a deep understanding of conductive materials, we support you in every phase of your project – from choosing the optimal conductive. With over sixty years of experience in designing custom laminated bus bars, coupled with our global manufacturing and R&D footprint, Mersen has the flexibility and expertise to respond to our customers' requirements. The company has a strong tradition (it was founded in 1910). It pioneered busbar trunking systems in Europe in 1943 and it's been the benchmark for busbar trunking since then. The Pogliano philosophy: to. At Luvata, we work closely with electrolysis facilities worldwide to offer a comprehensive range of products optimized for equipping new installations and modernizing old ones.
