

Tonga Optical Cable Manufacturing

Overview

Tonga Cable Limited (TCL) owns and manages the fibre-optic submarine cable, connecting Tonga to Fiji, which was commissioned in August 2013. The cable cost was around T\$36 million and was financed through grants from the World Bank Group and the Asian Development Bank. It is 827 kilometres (514 mi) long and was activated in 2013. It has cable landing points at Sopo, a suburb of Nuku'alofa in Tonga, and Suva, Fiji. Our insights help businesses to make data-backed strategic decisions with ongoing market dynamics. The manufacturing phase of Tonga's second international undersea telecommunications cable, a 383-kilometre branch of the Hawaiki Cable system, is now complete and the cable has been loaded onto a freighter en route to Tonga. Tonga Cable Limited is a public enterprise, we are 80% owned by the Government, providing reliable, safe and affordable high speed internet as its core service.
