

Xm Low-voltage metering distribution box

Overview

The XM series metering boxes are widely used in commercial outlets, villas, and other residential premises with high electricity consumption and diverse electrical loads that require independent metering at AC 380V/220V voltage levels. They are suitable for low-voltage metering boxes rated at. The Low Voltage Distribution Box is a compact and reliable solution for secondary power distribution in industrial, commercial, and residential applications. Designed with a robust steel enclosure, it safely houses circuit breakers, fuses, and control devices to manage lighting, motor loads, and. Operating temperature: The upper limit of the ambient air temperature is +60°C, and the lower limit is -25°C; the 24-hour average temperature should not exceed 35°C. Both recess mounting and indoor wall mounting can be supplied according to customer requirement. It is used for power distribution, lighting and metering in low-voltage distribution systems with AC 50Hz and rated working voltage not exceeding 380V. Low-Voltage Distribution Box (XM) XM.

Article Content

xComfort Compact Distribution Boxes

Micro Compact distribution boxes The smallest distribution board of this product family fascinates the user especially with its extremely fast way of attaching the device cover which automatically snaps

XM meter box-Henan Mingyu Electric Co., Ltd.

The XM unit serves as both a power supply and an electricity metering box for the distribution point. The box is divided into three sections—left, middle, and right—separated by steel plates, each with cable

Xm Low Voltage AC Distribution Box Complete Set of Lighting Control ...

Company Introduction:Shaanxi kunwei Electric Appliance Co., Ltd., established in 2004, mainly develops and produces complete sets of high and low voltage distribution equipment, comprehensive sales of

Miniature Circuit Breaker Integrated Xm Low-Voltage Power Distribution ...

XM Low voltage distribution box is sorted into lighting and motor control box,including common type, outdoor type, with observation window. Both recess mounting and indoor wall mounting can be

Xm Low Voltage Electric Meter Box

Find Xm Low Voltage Electric Meter Box Manufacturers & Suppliers from China. We are Professional Manufacturer of Xm Low Voltage Electric Meter Box company, Factory & Exporters specialize in Xm

Low Voltage Distribution Panel

XM type low-voltage distribution box is suitable for industrial and mining enterprises, residential communities and high-rise buildings. It is used for power distribution, lighting and metering in low

XM type lighting metering distribution box_Liye Electric Technology ...

XM lighting metering distribution box is suitable for rated voltage 220V or 380V, single-row load total current is not more than 80A single-phase, three-wire or three-phase five-wire terminal circuit, as the

Metering Box XM for Precise Measurement Control

High-precision Metering Box XM ensures accurate measurement and control for industrial applications. Durable design for reliable performance.

Low-Voltage Distribution Box (XM)-Guangzhou Yibian Electrical ...

Low-Voltage Distribution Box (XM) Lighting/power control distribution boxes and meter boxes are available in universal, outdoor, and transparent-window models. Depending on user requirements,

XM type distribution box-Hengkai Electric Co., Ltd.

XM lighting metering and distribution box is suitable for single-phase, three-wire or three-phase five-wire terminal circuits with rated voltage of 220V or 380V and total load current of single row of not more

Complete Metering Distribution Box with Ggd Input and Outlet

Guangdong Qiaobo Electrical Equipment Co., Ltd. Was established in 2009 and is located in Foshan, the national manufacturing capital. The company specializes in the production, R& D and

XM Metering box

The low-voltage electric energy meter box (hereinafter referred to as the meter box) is suitable for the electric energy metering of the terminal electricity users in the

Xm Electrical Power Low Voltage Distribution Box

Established in 1987, Feiyu Group is a professional company specialized in high voltage switchgear, low voltage switchgear, prefabricated substation, control equipment, distribution box, cable trays and bus

XM Metering box-Shenzhen Dongshengyuan Electrical Equipment

The low-voltage electric energy meter box (hereinafter referred to as the meter box) is suitable for the electric energy metering of the terminal electricity users in the AC 50Hz, rated working voltage

XM low voltage distribution box|GUANGDONG HAOCHENG

1. XM series terminal distribution boxes with lower-load, electric leakage and short circuit protection are suitable used for 50-60Hz rating voltage 220V-400V single and three phase lighting and other loads

Low-Voltage Products XM Lighting Distribution Box

The XM Lighting Distribution Box offers efficient, reliable power distribution for lighting systems in residential, commercial, and industrial settings. With robust

XM Distribution box-Distribution Box-CEA Group International Co., Ltd

XM Cabinet is widely used in lighting distribution systems of power station, transformer station, factory, mine, hotels, apartment, buildings, port, railway station, airport, warehouse, hotels etc.

Low Voltage 11kv Metering Panel Distribution Box

Its products includes high protection class plastic boxes, such as meter boxes, distribution boxes, low-voltage and MID-voltage distribution panels, smart metering units for big power consumption users,

XM Low Voltage Distribution Box a New Type of Power Distribution ...

XM Low Voltage Distribution Box a New Type of Power Distribution Equipment Complete Switch Control Distribution Box for Industry No reviews yet 5 sold Shenzhen Fuli Sheng Technology Co., Ltd. 1 yr

Low Voltage Distribution Box XM

With a simple structure, clear labeling, and easy access, the distribution box ensures safe operation, quick maintenance, and reliable protection for low-voltage electrical systems.

Low Voltage Distribution Box with Integrated Xm

XM Low voltage distribution box is sorted into lighting and motor control
