

# Zambian power fiber optic cable specifications

## Overview

Capable of accommodating 1 to 8 fibers. Project Overview: YRTFiber supplied armored outdoor fiber optic cables for a large-scale telecommunications project in Zambia, enabling high-speed connectivity across urban and remote areas. Key deployed models included: ADSS: Aerial self-supporting cable (24-core single-mode) for pole-mounted. rial environments. The outer sheath is made from black UV-stabilized and weather resistant material which is SHF1 classified, and may be exposed for shorter periods to fluids such as diese and mineral oils. Equipped with the latest machinery and cutting-edge design, Uniflex is committed to excellence in. At Redwood, we offer a comprehensive suite of Fibre Optics services designed to meet the demands of modern connectivity infrastructure. Not included are many proprietary designs. Designs under development are listed below.
